REPUBLICAN PLATFORM.

Remarkably Strong State Paper of Republican Principles.

STATEHOOD FOR NEW MEXICO.

Sensior Fairbansk, chairman of the mmister on platform, reported as foi-The republicans of the United States, through their chosen representatives, all conspiracies and combinations inmet in national convention, looking back upon the unsurpassed record of hosopolies, to limit production or to achievement and looking forward into the great field of duty and opportunity and appealing to the judgment of their prevent all such abuses, protect and

countrymen, make these deciarations; PROMINES FULFILLED. Expectation, or which the American people turning from the democratic party, entrusted power four years ago, a the republican chest magistrate and the republican congress, has been met and saturated. When the people then assembled at the polic after a turn of cratic legislation and administra tion, business was dead and industry puralyzed and national eredit olsas. troughy impaired. The country's capi rat was fielden away and its lab r dis tressed and unemployed. The demo crais had no other plan with which to improve the ruinous conditions which her had themselves produced than t republican party denouncing this plan or cure to produce conditions even worse than those foun which relief was conglit, promised to restore prosperity

protective tariff and law making a gold standard of value. The propie by great analogities, issued to the republican laws. This communion has been exe cured and the republican promise is re-PROSPERTY APPARENT. Prespectly more general and more bundani than we have ever known a no longer any controversy as to val in of any government obligation EVERY American dollar is a gold dollar ther mution. Capital is fully employ than this that while during the whol period of one hundred and seven year years of the present republican admin stration on excess of experts over im-138,091, and while American people, suntained by this republican legislation

has been achieving these splendld; triumphs in their business and comnerce, they have conducted and in vicd a war far liberty and momenta. No thought of national ag grandisoment has tarnished the high socially and patiently resisted, but when the American government was quickand agual triumph of its forces of iand and sea bore equal tribute to the saliors, and to the skill and foresigh of republican statesmanship. To: fer millions of the Bunsan race there was given a "new birth of freedom," and to the American people a new and

THE PRESIDENT EXPERIED

Was indured the administration of William McKinley. Its acts have been equablished in wisdom and in patric tism and at home and abroad it he distinctly clevated and extended th influence of the American nation. Walk ing untried pains and facing unforseem responsibilities President McKit oy has been to every wituation a American patriot and upright state man close in vision, strong in Judg ment, firm in action always inspiring and describing the confidence of hi

In asking the American people to es dorse this republican record and to re party, we remind them of the fact the a nonamo to their prosperity has al ways residud in the democratic princi ples and no less in the general incapa public affairs. The prime essential s intermess prospectly is public confident in good some of government and it ability to deat intelligently with all ney contents of administration and legis lation. That confidence the democrati public has hever easted. It is hopeless modequals, and the country's pros polls is unnounced builts and ceases in more appropriation of democratic blun-

THE GREET STANDARD. We renew our allegiance to the prin

tiple of the gold standard, and de cur confidence in the wisdom of the legislation of the Fifty-sixth congress by which purity of all our money and

SKULL MANGLED.

W. L. Keys.

ACCIDENT ON BARR'S HILL.

William Lather Keys, evidently a ainc engineer, lies dead at Strong's nuertaking rooms with the left side it his head crushed in and the skull partially laid open, and his left leg rollen and brused in several places

between the knee and foot. Last night, as the west-bound pasrenger. No. 1, under Conductor Heady, with Engineer A. H. Dexon at the throttle, struck the top of Barr's hill, a rew miles south of the city. the quick eye of the engineer perceived a black mjest partially lying alongside the track. As the train, going down grade at a rapid speed, heared the object the engineer promptly naw that it was sees and not recovered. Hhe was a man. The air brakes were applied, but too into-the speed of the train was enocked but not until the crues wheels had done their work of death.

The body was trought to this city un freight train No. of early this ploraing, and turned over to Undertaker

Papers and letters found in the blond stained clothes worn by the dead man er serys, and that relatives reside somewhere in Indianapolis, Ind.
